The Clean Burning Alternative Fuel

With countries around the world implementing legislation to encourage the use of and investment in alternative fuels, it's now time to diversify the clean energy offering on your forecourt. Compressed Natural Gas (CNG) is considered the cleanest burning of all fossil fuels and goes a long way to support a decarbonized energy mix for road transport.

The Wayne Helix™ 6000 II CNG fuel dispenser is specifically designed to effectively and efficiently deliver CNG on the forecourt. Perfectly suited for use on retail vehicles and heavy-duty transport, this model leverages decades of hydraulic innovation to make the refueling process safe and reliable.

The Helix 6000 II CNG dispenser is effortlessly engineered to fit the needs of your business model; providing more choices to you and your customers. It's the next step in expanding your fuel offering, today.

Celebrate CNG

Modern Simplicity

When compared with conventional petrol or diesel fuels, CNG goes a long way in helping to reduce the harmful effects of greenhouse gas emissions. Available as a standalone or back-to-back model, the Helix 6000 II CNG fuel dispenser is suitable for both retail and truck applications. With multiple configuration possibilities for one or two nozzles on each side and a broad range of options, this dispenser can facilitate even the most demanding forecourt needs. Safe and secure, the Helix 6000 II CNG dispenser meets the highest levels of security standards.

Redefining Connectivity

Utilizing advanced IoT technology this model readily connects to our powerful DFS DX™ connected solutions platform, to provide you with advanced remote management and diagnostics monitoring, making it easier to manage your network.

Reliable Refueling

As with all our Wayne Helix fuel dispensers, the Wayne Helix 6000 II CNG dispenser benefits from robust, field-proven technology to provide accurate metering and a reliable operation. You can remain confident this model won't let you down when it comes to precise CNG dispensing.

Future Fueling

The intelligent design, superior quality and advanced IoT technology of the Helix 6000 II CNG dispenser allows your business to really stand out from the crowd. And its future-proof design, with field retrofit modularity, is ready to grow whenever your business needs to take that next step.
